

### Sign up page:

- Requirement changes: Input PIN number in each box (total 6 boxes).

The wireframe below shows the new PIN input field in sign up page.

A hand-drawn wireframe of a sign-up page. At the top center is a small square box containing the text "WDT". Below it, the text "Sign up" is written in a cursive font. Underneath "Sign up" is the text "step 1: ..." followed by a horizontal line. Below this line is the text "step 2: ..." followed by another horizontal line. Below the second line is the text "Please click the SEND PIN.....". Below this text is a rectangular button labeled "Send Pin". Below the button is the text "Enter 6-digit pin (Example: 123456)". Below this text is a row of six empty square boxes for PIN input. Below the PIN boxes is a rectangular button labeled "Sign up". At the bottom is another rectangular button labeled "Go Back".
